

GREENVILLE COUNTY SHERIFF'S OFFICE
STEVE LOFTIS, SHERIFF

2012
ANNUAL
REPORT

LETTER FROM THE SHERIFF

I wanted to take this opportunity to thank the citizens of Greenville County and every employee of the Greenville County Sheriff's Office for your support during the Sheriff's election in 2012. I also would like to commend all Sheriff's Office personnel for your hard work and dedication during this past year. I hope that you enjoy the 2012 Annual Report which highlights some of our accomplishments during the year.

As I reflect over this past year I can't help but realize how much the Sheriff's Office has grown as a family. This year proved to be a whirlwind of ups and downs from officer involved shootings, hostage rescues, to several of our own fellow deputies being injured during encounters with violent subjects. During these trying moments I am humbled when I see that we embrace each other and come together as a community and family. I would like to say that I am honored to work side by side with the greatest group of men and women in this profession. Thank you all for your dedication, hard work, and perseverance that you bring to work every single day.

My goal as your Sheriff is to lead us into the future with an even greater outlook on what we can accomplish together. I believe that we are the best Sheriff's Office and greatest community in the state. I encourage each person to continue to share your ideas that will improve this Office because it requires everyone working together to be successful. I look forward to our future together. I will do all I can as Sheriff to make Greenville County a safe place to live, work and raise a family.

Sincerely,

Steve Loftis, Sheriff

NATIONALLY ACCREDITED

In 1988 the Greenville County Sheriff's Office became the first law enforcement agency in the state and 75th in the United States to be nationally accredited by the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA)

In 2010 the Greenville County Sheriff's Office became designated as a "Flagship Agency", and one of only 20 agencies internationally recognized for this highest honor.

ABOUT CALEA

The Law Enforcement Accreditation Program was the first credentialing program established by CALEA after its founding. It was originally developed to address what was seen as a need to enhance law enforcement as a profession and to improve law

enforcement service delivery. That mission continues today through a tiered law enforcement accreditation program. Participating agencies may enroll in either CALEA Law Enforcement Accreditation or CALEA Advanced Law Enforcement Accreditation, without regard to agency size.

Since the first CALEA Accreditation Award was granted in 1984, the program has become the primary method for an agency to voluntarily demonstrate their commitment to excellence in law enforcement. The standards upon which the Law Enforcement Accreditation Program is based reflect the current thinking and experience of law enforcement practitioners and researchers. Major law enforcement associations, leading educational and training institutions, governmental agencies, as well as law enforcement executives internationally, acknowledge CALEA's Standards for Law Enforcement Agencies© and its Accreditation Programs as benchmarks for professional law enforcement agencies.

CALEA Accreditation requires an agency to develop a comprehensive, well thought out, uniform set of written directives. This is one of the most successful methods for reaching administrative and operational goals, while also providing direction to personnel.

CALEA Accreditation standards provide the necessary reports and analyses a CEO needs to make fact-based, informed management decisions.

CALEA Accreditation requires a preparedness program be put in place—so an agency is ready to address natural or man-made unusual occurrences.

CALEA Accreditation is a means for developing or improving upon an agency's relationship with the community.

CALEA Accreditation strengthens an agency's accountability, both within the agency and the community, through a continuum of standards that clearly define authority, performance, and responsibilities.

Being CALEA Accredited can limit an agency's liability and risk exposure because it demonstrates that internationally recognized standards for law enforcement have been met, as verified by a team of independent outside CALEA-trained assessors.

CALEA Accreditation facilitates an agency's pursuit of professional excellence.

The Sheriff's Office purpose is clear; to provide professional law enforcement services to the people of Greenville County. With this commitment and the support of our progressive citizens, the future promises to be just as remarkable as the past.

ADMINISTRATIVE SERVICES DIVISION

The **Administrative Services Division** is the Executive Branch of the Greenville County Sheriff's Office which oversees the entire operation of the Sheriff's Office. The fifty-two employees assigned to the Administrative Services Division provide support to the following units, which comprise this division:

Accreditation and Grants

This unit maintains our Law Enforcement Accreditation which is granted by the Commission on Accreditation for Law Enforcement Agencies. The Greenville County Sheriff's Office was the first law enforcement agency in South Carolina to gain national accreditation in 1988 and has maintained this distinction ever since. National Accreditation insures that the citizens of Greenville County receive consistent, professional law enforcement services from the employees of the Sheriff's Office. The Sheriff's Office seeks out grant funding which provides equipment and training while saving local tax dollars. Over the years many important programs have been funded through grant money.

Center for Advanced Training

The Center for Advanced Training provides in-service and advanced training for all sworn officers of the Sheriff's Office. In addition, the training center was the second law enforcement agency in the state chosen as a distance learning lab for the Criminal Justice Academy. This allows federal, state and local law enforcement to receive training without having to travel; thus allowing more officers to receive training while reducing the costs associated with training. The C.A.T. has classroom space along with state of the art firing and driving ranges. During 2012, the C.A.T. conducted over 2230 hours of training with 5872 students attending.

Crime Stoppers

In June 1983, a group of concerned citizens and local media team-up with law enforcement to form the County's first Crime Stoppers program. Our local chapter was modeled after the original Crime Stoppers program in 1976 in Albuquerque, New Mexico. By following their lead, Greenville's Crime Stoppers chapter has become

successful and rewarding. Since the beginning of the Greenville Crime Stoppers program more than 28,000 callers have given information about criminal activity in their area. With this information, more than 8,000 cases have been cleared, resulting in more than 2,700 individuals arrested. Over the past year, Crime Stoppers received 1,347 calls which resulted in 213 arrests and 448 cases being cleared.

In 2012 the Greenville County Sheriff's Office received a total of 504 applications for all full time sworn and non-sworn positions. A total of 42 full time employees were hired and 40 employees resigned. 29 of these resignations were sworn personnel and 11 were civilian.

COMMUNITY SERVICES DIVISION

The **Community Services Division** is tasked with handling special projects within the Sheriff's Office. It encompasses several specialized units for different approaches to law enforcement.

Community Services includes Property Crimes, Community Patrol, Crime Prevention, Directed Patrol, Environmental Enforcement, Gang Investigations, School Resource Officers, Traffic Enforcement, Vice/Narcotics and Cadets.

Other activities included Law Enforcement Center tours, security surveys, crime prevention training and law enforcement training.

Directed Patrol Unit

The Directed Patrol Unit (DPU) focuses on street level issues that affect the community as a whole. This ranges from undercover operations, targeting prostitution, and street level drug sales to nuisance business complaints. This unit has the flexibility and knowledge to deal with whatever problems arise as well as assist in locating people and arresting those with outstanding warrants. They are also used to identify potential gang members, which provides information to investigators and makes an impact on gang activities seen across the county.

Environmental Enforcement

Five civilian and three deputies make up the Environmental Enforcement Unit and in 2012 they were responsible for removing 1,223,479 pounds of litter and 190 persons being arrested on various littering and dumping related charges. 94 new dumpsites were identified in 2012.

Property Crimes

The Property Crimes Unit investigates burglaries, auto breakings, larcenies, and other property related offenses. In 2012, the Property Crimes Unit investigated 2,654 cases, signed 1,594 warrants and recovered \$761,892 in stolen property.

An SRO's responsibilities include; law enforcement, teaching law related classes, counseling students, and educating parents and staff. The investigators give educational presentations concerning gangs and drugs. They also investigate crimes that occur in locations where an SRO is not present, handle school district employee allegations and in-depth investigations that would pull an SRO away from their assigned school.

Traffic Enforcement

The Traffic Enforcement Unit is staffed by 17 deputies and patrols the highways and roadways of Greenville County. Their efforts assist to reduce traffic related fatalities of which Driving Under the Influence is one of the largest contributing factors. Traffic Enforcement deputies made 748 DUI arrests in 2012. The Traffic Unit is an active participant in local, state and federal highway traffic safety programs such as the Greenville County Traffic Task Force, Buckle Up South Carolina, Sober or Slammer, Summer H.E.A.T. and Hands Across the Border.

Vice / Narcotics

The Vice and Narcotics Unit conducts investigations related to illegal drugs and gambling in Greenville County. Many investigations are conducted with state and federal law enforcement agencies such as FBI and BATFE. Additionally, they maintain a full-time position with the DEA and FBI Task Forces. This allows ready access to a wide variety of information and asset sharing programs that would otherwise be difficult to obtain. This has resulted in numerous indictments related on federal drug charges. The Vice & Narcotics Unit is also tasked with investigating methamphetamine cases and suspected meth labs. This is a very hazardous and unpredictable assignment for the skilled men and women of the Sheriff's Office who enter, secure, and dismantle these operations. During the 2012 year they served 177 arrest warrants and 55 search warrants which resulted in over 2 million dollars' worth of seizures.

They also provide information on the Criminal Justice System, as well as serving as a liaison between the survivor and the investigator, and simply just being there to talk.

Uniform Patrol officers are assigned to 5 platoons. Four platoons rotate between day and night shifts every six weeks while the fifth platoon is assigned to work an overlapping shift during the highest call volume times of the day. All deputies work 12 hour shifts to ensure the maximum coverage within the beat areas they are working.

Follow-Up Team

The Follow-up team consists of 3 uniformed deputies. The team provides support to Uniform Patrol Deputies by aiding in street level investigations.
